

Bewdley Horticultural Society
News 22nd October 2021

Dear Members

Last Monday the 18th of October was a really good day for the Society as we were able to meet again for the first time in nearly 2 years. The pandemic has certainly changed many of our days, expectations and hopes but slowly and with caution life is starting to normalise. Our meeting was a real success with a comprehensive lecture and discussion on bulbs, their habitat and the way we can use them throughout the seasons.

At this time we were unable to announce the speaker for the next meeting, which will be, as usual the third Monday of the month and for November Janet Ince will be joining us. Janet has kindly agreed to give a talk and demonstration of flower arranging. In addition Janet is providing the flowers and to help the Society would like arrangements raffled afterwards with the proceeds going to bolster our funds. So, please make this a diary date and don't forget to bring your purses and wallets. We have benefitted from talks by Janet in the past and they are always rewarding both in terms of the arrangements and Janet's endless recollections of Bewdley history and family life.

As a further bonus we would like each of you to come along with a drinking utensil of your choice so we can offer you a non-alcoholic Christmas warmer and a mince pie as a prelude to the Festive Season. This will be our last meeting of 2021 and will be followed by our AGM in February 2022.

Just to mention that Tony Marchant is still keeping our website open and would like to update it further with your garden pictures for the last year. To check out the website got to www.bewdleyanddistricthorticulturalsociety.org.uk to check it out and please send your pics to Tony by sending them to me initially on my email address using this note.

All good wishes and we all look forward to seeing you at the meeting on the 15th.
